

Team Marketplace for Team Owners - Each Team Has its own Marketplace Where They Can Sell products through us

Purpose: To encourage the brands apart of BlockHead to be able to benefit from another user base of consumers. To open up another source of revenue for team owners.

We want to be able to give users who own players on a specific team a discount.

The team store should live on each teams page. And all items should be purchasable in BHC BHB and USD.
